

**PUBLIC NOTICE TO ALL CUSTOMERS OF THE
POYNETTE MUNICIPAL WATER UTILITY**

The Poynette Municipal Water Utility has filed an application with the Public Service Commission of Wisconsin (PSCW) to increase water rates. The increase is necessary due to a 6.36 percent increase in gross plant investment and a 10.53 percent increase in operating expenses since the last water rate case was completed in 2013.

The total increase in water revenues requested is \$45,194 which will result in an estimated overall rate increase of 10.87 percent over the water utility's present revenues. If the request is granted, the water bill for an average residential customer with a 5/8-inch or 3/4-inch meter who uses 10,000 gallons of water per quarter will increase from \$64.00 to \$69.20, or 8.13% (not including the public fire protection (PFP) charge) or \$100.70 (including the PFP charge).

The Poynette Municipal Water Utility requested changing the method of recovering the PFP charge from the square feet of improvement method to a direct PFP charge that collects 100 percent of the PFP charge directly from Utility customers.

A telephonic public hearing on the application has been scheduled for Thursday, February 21, 2019, at 3:00 p.m. in the Board Room at Poynette Village Hall, 106 South Main Street, Poynette, Wisconsin. Scheduling questions regarding this hearing may be directed to the PSCW at (608) 266-3766.
