

## Title III - Chapter 4

### Shoreland-Wetland Zoning [Repealed and Recreated via Ord. No. 21-589: 5/24/2021]

§	4.01	Statutory Authorization, Findings of Fact, Statement of Purpose and Title
§	4.02	General Provisions and Zoning Maps
§	4.03	Shoreland-Wetland Zoning District
§	4.04	Nonconforming Structures and Uses
§	4.05	Administrative Provisions
§	4.06	Amending Shoreland-Wetland Zoning Regulations
§	4.07	Enforcement and Penalties
§	4.08	Definitions

#### 4.01 **Statutory Authorization, Findings of Fact, Statement of Purpose and Title**

- (1) **Statutory Authorization.** This Chapter is adopted pursuant to the authorization in section 61.351, Wis. Stats.
- (2) **Finding of Fact Purpose.** Uncontrolled use of the shoreland-wetlands and the pollution of the navigable waters of the Village of Poynette would adversely affect the public health, safety, convenience, and general welfare and impair the tax base. The Legislature of Wisconsin has delegated responsibility to all municipalities to:
  - (a) Promote the public health, safety, convenience and general welfare;
  - (b) Maintain the storm and flood water storage capacity of wetlands;
  - (c) Prevent and control water pollution by preserving wetlands which filter or store sediments, nutrients, heavy metals or organic compounds that would otherwise drain into navigable waters;
  - (d) Protect fish, their spawning grounds, other aquatic life and wildlife by preserving wetlands and other aquatic habitat;
  - (e) Prohibit certain uses detrimental to the shoreland-wetland area; and
  - (f) Preserve shore cover and natural beauty by restricting the removal of natural shoreland cover and controlling shoreland-wetland excavation, filling and other earth moving activities.

#### 4.02 **General Provisions**

- (1) **Compliance.** The use of wetlands and the alteration of wetlands within the shoreland of the Village of Poynette shall be in full compliance with the terms of this Chapter and other applicable local, state or federal regulations. (However, see section 4.04 of this Chapter, for the standards applicable to nonconforming uses located within a shoreland-wetland district.) All permitted development shall require the issuance of a zoning or building permit unless otherwise expressly excluded by a provision of this Chapter.
- (2) **Municipalities and State Agencies Regulated.** Unless specifically exempted by law, all cities, villages, towns, and counties are required to comply with this Chapter and obtain all necessary permits. State agencies are required to comply if section 13.48(13), Wis.

Stats., applies. The construction, reconstruction, maintenance and repair of state highways and bridges by the Wisconsin Department of Transportation are exempt when section 30.2022(1), Wis. Stats., applies.

- (3) Abrogation and Greater Restrictions.
  - (a) The lands regulated by this Chapter are subject to all applicable provisions of the Village of Poynette Municipal Code. Where the provisions of this Chapter are more restrictive than other regulations in the Municipal Code. The provisions of this Chapter shall apply.
  - (b) This Chapter is not intended to repeal, abrogate or impair any existing deed restrictions, covenants or easements. However, where this Chapter imposes greater restrictions, the provisions of this Chapter shall prevail.
- (4) Interpretation. In their interpretation and application, the provisions of this Chapter shall be held to be minimum requirements and shall be liberally construed in favor of the Village and shall not be deemed a limitation or repeal of any other powers granted by the Wisconsin Statutes. Where a section of this Chapter is required by a standard in Chapter NR 117, Wis. Adm. Code, and where the section provision is unclear, the provision shall be interpreted in light of the Chapter NR 117 standards in effect on the date of the adoption of this Chapter or in effect on the date of the most recent text amendment to this Chapter.
- (5) Severability. Should any portion of this Chapter be declared invalid or unconstitutional for any reason, by a court of competent jurisdiction, the remainder of this Chapter shall not be affected.

#### 4.03 **Shoreland-Wetland Zoning District**

- (1) Shoreland-Wetland Zoning Maps. The following maps are hereby adopted and made a part of this Chapter and are on file in the office of the Village Clerk:
  - (a) The most recent version of the Wisconsin Wetland Inventory as depicted on the Department of Natural Resources Surface Water Data Viewer.
  - (b) Flood Insurance Rate Map (FIRM), panel number 55021C0395F, dated May 16, 2016; with corresponding profiles that are based on the Flood Insurance Study (FIS) dated May 16, 2016 with Numbers 55021CV0001C and 55021CV002C.
  - (c) United State Geological Survey Map – 2016 7.5 Minute Series Topographic Map
  - (d) Village general zoning map described in Title III – Chapter 2 and adopted October 21, 2013, and any subsequent amendments adopted thereto.
- (2) District Boundaries.
  - (a) The shoreland-wetland zoning district includes all wetlands in the Village of Poynette, Wisconsin which are five acres or more and are shown on the most recent version of the Wisconsin Wetland Inventory as depicted on the Department of Natural Resources Surface Water Data Viewer and made a part of this Chapter and which are:

1. Within one thousand (1,000) feet of the ordinary high-water mark of navigable lakes, ponds or flowages. Lakes, ponds or flowages in the Village of Poynette shall be presumed to be navigable if they are shown on the United States Geological Survey quadrangle maps or other zoning base maps which have been incorporated by reference and made a part of this Chapter; and/or
  2. Within three hundred (300) feet of the ordinary high-water mark of navigable rivers or streams, or to the landward side of the floodplain, whichever distance is greater. Rivers and streams shall be presumed to be navigable if they are designated as either continuous or intermittent waterways on the United States Geological Survey quadrangle maps or other zoning base maps which have been incorporated by reference and made a part of this Chapter. Floodplain zoning maps adopted under Section 4.03(1)(b) shall be used to determine the extent of floodplain areas.
    - (b) Determinations of navigability and ordinary high-water mark location shall initially be made by the Zoning Administrator. When questions arise, the Zoning Administrator shall contact the appropriate office of the Department for a final determination of navigability or ordinary high-water mark.
    - (c) When an apparent discrepancy exists between the shoreland-wetland district boundary shown on applicable maps described under subsection 2(a) and the actual field conditions at the item the maps were adopted, the Zoning Administrator shall contact the appropriate district office of the Department to determine if the shoreland-wetland district boundary as mapped, is in error. If Department staff concur with the Zoning Administrator that a particular area was incorrectly mapped as a wetland, the Zoning Administrator shall have the authority to immediately grant or deny a zoning or building permit in accordance with the regulations applicable to the correct zoning district. In order to correct wetland mapping errors or acknowledge exempted wetlands designated in section 4.03(2)(d) and 4.03(2)(e), the Zoning Administrator shall be responsible for initiating a map amendment within a reasonable period.
    - (d) Filled Wetlands. Wetlands which are filled prior to the effective date of the Village's original implementation of shoreland-wetland zoning, in a manner which affects their wetland characteristics to the extent that the area can no longer be defined as wetland, are not subject to this Chapter.
    - (e) Wetlands Landward of a Bulkhead Line. Wetlands located between the original ordinary high-water mark and a bulkhead line established prior to May 7, 1982 under s. 30.11, Wis. Stats. are not subject to this Chapter.
- (3) Permitted Uses. The following uses are permitted within the shoreland-wetland district subject to the provisions of chapters 30 and 31 of the Wis. Stats., and the provisions of other local, state and federal laws, if applicable:
- (a) The following activities and uses, where not requiring the issuance of a zoning or building permit, provided that no wetland alteration occurs:
    1. Hiking, fishing, trapping, hunting, swimming, snowmobiling and boating;

2. The harvesting of wild crops, such as marsh hay, ferns, moss, wild rice, berries, tree fruits and tree seeds, in a manner that is not injurious to the natural reproduction of such crops;
  3. The practice of silviculture, including the planting, thinning and harvesting of timber;
  4. The pasturing of livestock;
  5. The cultivation of agricultural crops; and
  6. The construction and maintenance of duck blinds.
- (b) The following uses, where not requiring the issuance of a zoning or building permit, and which may involve wetland alterations only to the extent specifically provided below:
1. The practice of silviculture, including limited temporary water level stabilization measures which are necessary to alleviate abnormally wet or dry conditions that would have an adverse impact on the conduct of silvicultural activities if not corrected;
  2. The cultivation of cranberries, including limited wetland alterations necessary for the purpose of growing and harvesting cranberries;
  3. The maintenance and repair of existing drainage systems to restore pre-existing levels of drainage, including the minimum amount of filling necessary to dispose of dredged spoil, provided that the filling is permissible and that dredged spoil is placed on existing spoil banks where possible;
  4. The construction and maintenance of fences for the pasturing of livestock, including limited excavating and filling necessary for such construction or maintenance;
  5. The construction and maintenance of piers, docks, walkways, observation decks and trail bridges built on pilings, including limited excavating and filling necessary for such construction or maintenance;
  6. The installation and maintenance of sealed tiles for the purpose of draining lands outside the shoreland-wetland zoning district provided that such installation or maintenance is done in a manner designed to minimize the adverse impact upon the natural functions of the shoreland-wetland listed in section 4.06(1)(c) of this Chapter; and
  7. The maintenance, repair, replacement and reconstruction of existing highways and bridges, including limited excavating and filling necessary for such maintenance, repair, replacement or reconstruction.
- (c) Uses which are allowed upon the issuance of a zoning or building permit and which may include wetland alterations only to the extent specifically provided below:
1. The construction and maintenance of roads which are necessary for the

continuity of the municipal street system, the provision of essential utility and emergency services or to provide access to uses permitted under Section 4.03, provided that:

- a. The road cannot, as a practical matter, be located outside the wetland;
  - b. The road is designated and constructed to minimize the adverse impact upon the natural functions of the wetland listed in Section 4.06(1)(c);
  - c. The road is designed and constructed with the minimum cross-sectional area practical to serve the intended use;
  - d. Road construction activities are carried out in the immediate area of the roadbed only; and
  - e. Any wetland alteration must be necessary for the construction or maintenance of the road.
2. The construction and maintenance of nonresidential buildings provided that:
- a. The building is used solely in conjunction with a use permitted in the shoreland-wetland district or for the raising of waterfowl, minnows, or other wetland or aquatic animals;
  - b. The building cannot, as a practical matter, be located outside the wetland;
  - c. The building does not exceed 500 square feet in floor area; and
  - d. Only limited filling and excavating necessary to provide structural support for the building is allowed.
3. The establishment and development of public and private parks and recreation areas, outdoor education areas, historic, natural and scientific areas, game refuges and closed areas, fish and wildlife habitat improvement projects, game bird and animal farms, wildlife preserves and public boat launching ramps, provided that:
- a. Any private development allowed under this paragraph shall be used exclusively for the permitted purpose;
  - b. Only limited filling and excavating necessary for the development of public boat launching ramps, swimming beaches or the construction of park shelters or similar structures is allowed;
  - c. The construction and maintenance of roads necessary for the uses permitted under this paragraph are allowed only where such construction and maintenance meets the criteria in Section 4.03(3)(c)(1); and

- d. Wetland alterations in game refuges and closed areas, fish and wildlife habitat improvement projects, game bird and animal farms, wildlife preserves shall be for the purpose of improving wildlife habitat or to otherwise enhance wetland values.
4. The construction and maintenance of electric and telephone transmission lines, water and gas distribution lines and sewage collection lines and related facilities and the construction and maintenance of railroad lines provided that:
- a. The utility transmission and distribution facilities and railroad lines cannot, as a practical matter, be located outside the wetland;
  - b. Only limited tilling or excavating necessary for such construction or maintenance is allowed; and
  - c. Such construction or maintenance is done in a manner designed to minimize the adverse impacts upon the natural functions of the wetland listed in Section 4.06(1)(c) of this Chapter.

(4) Prohibited Uses

- (a) Any use not listed in Section 4.03(3) of this Chapter is prohibited within a shoreland-wetland district, unless the wetland or a portion of the wetland has been rezoned by amendment of this Chapter in accordance with Section 4.06 of this Chapter.
- (b) The use of a boathouse for human habitation and the construction or placement of a boathouse or fixed houseboat below the ordinary high-water mark of any navigable waters are prohibited.

4.04 Nonconforming Structures and Uses within the Shoreland-Wetland District

- (1) The lawful use of a building, structure or property which existed at the time this Chapter, or an applicable amendment to this Chapter, took effect and which is not in conformity with the provisions of the Chapter, including the routine maintenance of such a building or structure, may be continued, subject to the following conditions:
- (2) The shoreland-wetland provisions of this Chapter authorized by s. 61.351, Wis. Stats., shall not limit the repair, reconstruction, renovation, remodeling or expansion of a legal nonconforming structure or of any environmental control facility related to such a structure in existence on the effective date of the shoreland-wetland provisions. All other modifications to nonconforming structures are subject to s. 62.23(7)(hb), Wis. Stats.
- (3) If a nonconforming use or the use of a nonconforming structure is discontinued for twelve (12) consecutive months, any future use of the building, structure or property shall conform to this Chapter.
- (4) Any legal nonconforming use of property which does not involve the use of a structure and which existed at the time of the adoption or subsequent amendment of this Chapter adopted under section 61.351, Wis. Stats., may be continued although such use does not conform with the provisions of the Chapter. However, such nonconforming use may not

be extended.

- (5) The maintenance and repair of nonconforming boathouses which are located below the ordinary high-water mark of any navigable waters shall comply with the requirements of section 30.121, Wis. Stats.
- (6) Uses which are nuisances under common law shall not be permitted to continue as nonconforming uses.

#### 4.05 **Administrative Provisions**

(1) Zoning Administrator. The Zoning Administrator shall have the following duties and powers:

- (a) Advise applicants as to the provisions of this Chapter and assist them in preparing permit applications and appeal forms.
- (b) Issue permits and certificates of compliance and inspect properties for compliance with this Chapter.
- (c) Keep records of all permits issued, inspections made, work approved and other official actions.
- (d) Have access to any structure or premises between the hours of 8 a.m. and 6 p.m. for the purpose of performing these duties.
- (e) Submit copies of decisions on variances, conditional use permits, appeals for a map or text interpretation, and map or text amendments within 10 days after they are granted or denied, to the appropriate office of the Department.
- (f) Investigate and report violations of this Chapter to the Village Board and the Village Attorney.

(2) Zoning Permits.

(a) When Required. Unless another section of this Chapter specifically exempts certain types of development from this requirement, a zoning permit shall be obtained from the Zoning Administrator before any new development, as defined in section 4.08(2)(d), of this Chapter, or any change in the use of an existing building or structure is initiated.

(b) Application. An application for a building or zoning permit shall be made to the Zoning Administrator upon forms furnished by the Village and shall include, for the purpose of proper enforcement of these regulations, the following information:

1. General Information.

- a. Name, address, and telephone number of applicant, property owner and contractor, where applicable.
- b. Legal description of the property and a general description of the proposed use or development.

- c. Whether or not a private water or sewage system is to be installed.
2. Site Development Plan. The site development plan shall be submitted as a part of the permit application form and shall contain the following information drawn to scale:
- a. Dimensions and area of the lot;
  - b. Location of any structures with distances measured from the lot lines and center line of all abutting streets or highways;
  - c. Location of any existing or proposed on-site sewage systems or private water supply systems;
  - d. Location of the ordinary high-water mark of any abutting navigable waterways;
  - e. Boundaries of all wetlands;
  - f. Existing and proposed topographic and drainage features and vegetative cover;
  - g. Location of floodplain and floodway limits on the property as determined from floodplain zoning maps;
  - h. Location of existing or future access roads; and
  - i. Specifications and dimensions for areas of proposed wetland alteration.

(c) Expiration. All permits issued under the authority of this Chapter shall expire 24 months from the date of issuance.

(3) Certificates of Compliance.

- (a) Except where no zoning, building, or conditional use permit is required, no land shall be occupied or used, and no building which is hereafter constructed, altered, added to, modified, rebuilt or replaced shall be occupied, until a certificate of compliance is issued by the Zoning Administrator subject to the following provisions:
  1. The certificate of compliance shall show that the building or premises or part thereof, and the proposed use thereof, conform to the provisions of this Chapter.
  2. Application for such certificate shall be concurrent with the application for a zoning, building, or conditional use permit.
  3. The certificate of compliance shall be issued within 10 days after the completion of the work specified in the zoning, building, or conditional use permit, providing the building or premises and proposed use thereof

conforms with all the provisions of this Chapter.

- (b) The Zoning Administrator may issue a temporary certificate of compliance for a building, premises or part thereof pursuant to rules and regulations established therefore, by the Village Board.
- (c) Upon written request from the owner, the Zoning Administrator shall issue a certificate of compliance for any building or premises existing at the time of this Chapter's adoption, certifying after inspection, the extent and type of use made of the building or premises and whether or not such use conforms to the provisions of this Chapter.

(4) Conditional Use Applications

- (a) Application. Any use listed as a conditional use in this Chapter shall be permitted only after an application has been submitted to the Zoning Administrator and a conditional use permit has been granted by the Plan Commission following the procedures in Title III – Chapter 2, Section 2.13.06, and upon similar notification requirements to the Department as indicated in Section 4.05(8).
- (b) Conditions. Upon consideration of the permit application and the standards applicable to the conditional uses designated in section 4.03(3)(c) of this Chapter, the Plan Commission shall attach such conditions to a conditional use permit, in addition to those required elsewhere in this Chapter, as are necessary to further the purposes of this Chapter as listed in section 4.01(2). Such conditions may include specifications for, without limitation because of specific enumeration: type of shore cover; erosion controls; increased setbacks; specific sewage disposal and water supply facilities; landscaping and planting screens; period of operation; operational control; sureties; deed restrictions; location of piers, docks, parking areas and signs; and type of construction. To secure information upon which to base its determination, the Plan Commission may require the applicant to furnish, in addition to the information required for a zoning or building permit, other pertinent information which is necessary to determine if the proposed use is consistent with the purpose of this Chapter.

(5) Fees. The Village Board may, by resolution, adopt fees for the following:

- (a) Zoning and building permits.
- (b) Certificates of compliance.
- (c) Public hearings.
- (d) Legal notice publications.
- (e) Conditional use permits.
- (f) Rezoning petitions.

(6) Recording. Where a zoning, building, or conditional use permit is approved, an appropriate record shall be made by the Zoning Administrator of the land use and structures permitted.

- (7) Revocation. Where the conditions of a zoning, building, or conditional use permit are violated, the permit shall be revoked by the body that initially granted said permit.
- (8) Variances and Appeals.
- (a) The Board of Zoning Appeals, as established in Section 3.04 of Title I, Chapter 3 of the Village of Poynette ordinances:
1. Shall hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement or administration of this Chapter.
  2. May authorize a variance from dimensional standards of this Chapter where an applicant convincingly demonstrates:
    - a. That literal enforcement of the terms of the Chapter will result in unnecessary hardship for the applicant.
    - b. That the hardship is due to special conditions unique to the property; and is not self-created or based solely on economic gain or loss.
    - c. That such variance is not contrary to the public interest as expressed by the purpose of this Chapter, and;
    - d. That such variance will not grant or increase any use of property which is prohibited in the shoreland-wetland zoning district.
- (b) Appeals to the Board. Appeals to the Board of Appeals may be taken by any person aggrieved or by an officer, department, board or bureau of the village affected by any order, requirement, decision, or determination of the Zoning Administrator or other administrative official. Such appeals shall be taken within a reasonable time, as provided by the rules of the Board by filing with the official whose decision is in question and with the Board of Zoning Appeals, a notice of appeal specifying the reasons for the appeal. The Zoning Administrator or other official whose decision is in question shall transmit to the Board all the papers constituting the record on the matter appealed.
- (c) Public Hearings.
1. Before making a decision on an appeal or application for variance, the Board of Zoning Appeals shall, within a reasonable period of time, hold a public hearing. The Board shall give public notice of the hearing by publishing a class 2 notice under ch. 985, Stats., specifying the date, time and place of the hearing and the matters to come before the Board. At the public hearing, any party may present testimony in person, by agent or by attorney.
  2. A copy of such notice shall be mailed to the parties in interest and the appropriate office of the Department at least 10 days prior to the public hearing.

(d) Decisions.

1. The final disposition of an appeal or variance shall be in the form of a written decision, made within a reasonable time after the public hearing and signed by the Board chairperson. Such decision shall state the specific facts which are the basis of the Board's determination and shall either affirm, reverse, or modify the order, requirement, decision or determination appealed, in whole or in part, or dismiss the appeal for lack of jurisdiction or prosecution.
2. A copy of such decision shall be mailed to the parties in interest and the appropriate office of the Department within 10 days after the decision is issued.

4.06 **Amending Shoreland-Wetland Zoning Regulations**

- (1) The Village Board may alter, supplement or change the district boundaries and the regulations contained in this Chapter in accordance with the requirements of section 62.23(7)(d)2., Wis. Stats., NR 117, Wis. Adm. Code, and the following:
  - (a) A copy of each proposed text or map amendment shall be submitted to the appropriate office of the Department within 5 days of the submission of the proposed amendment to the Plan Commission.
  - (b) All proposed text and map amendments to the shoreland-wetland zoning regulations shall be referred to Village Plan Commission, and a public hearing shall be held after Class 2 notice as required by section 62.23(7)(d)2., Wis. Stats. The appropriate office of the Department shall be provided with written notice of the public hearing at least 10 days prior to such hearing.
  - (c) In order to insure that this Chapter will remain consistent with the shoreland protection objectives in section 281.31, Wis. Stats., the Village Board may not rezone a wetland in a shoreland-wetland zoning district, or any portion thereof, where the proposed rezoning may result in a significant adverse impact upon any of the following wetland functions:
    1. Storm and flood water storage capacity;
    2. Maintenance of dry season stream flow or the discharge of groundwater to a wetland, the recharge of groundwater from a wetland to another area or the flow of groundwater through a wetland;
    3. Filtering or storage of sediments, nutrients, heavy metals or organic compounds that would otherwise drain into navigable waters;
    4. Shoreline protection against soil erosion;
    5. Fish spawning, breeding, nursery or feeding grounds;
    6. Wildlife habitat; or
    7. Areas of special recreational, scenic or scientific interest, including scarce wetland types and habitat of endangered species.

- (d) Where the Department determines that a proposed rezoning may have a significant adverse impact upon any of the criteria listed in section 4.06(1)(c) of this Chapter, the Department shall so notify the Village of its determination either prior to or during the public hearing held on the proposed amendment.
- (e) The appropriate office of the Department shall be provided with:
  - 1. A copy of the recommendations and report, if any, of the Village Plan Commission on a proposed text or map amendment, within 10 days after the submission of those recommendations to the Village Board; and
  - 2. Written notice of the action on the proposed text or map amendment within 10 days after the action is taken.
- (f) If the Department notifies the Village in writing that a proposed amendment may have a significant adverse impact upon any of the criteria listed in section 4.06(1)(c) of this Chapter, that proposed amendment, if approved by the Village Board, shall not become effective until more than 30 days have elapsed since written notice of the Village Board approval was mailed to the Department, as required by section 4.06(1)(e)(2) of this Chapter. If within the 30 day period, the Department notifies the Village Board that the Department intends to adopt a superseding shoreland-wetland zoning ordinance for the Village as provided by section 61.351(6), Wis. Stats., the proposed amendment shall not become effective until the ordinance adoption procedure under section 61.351(6), Wis. Stats., is completed or otherwise terminated.

4.07 **Enforcement and Penalties.** Any development, building or structure or accessory building or structure constructed, altered, added to, modified, rebuilt or replaced or any use or accessory use established after the effective date of this Chapter in violation of the provisions of this Chapter, by any person, firm, association, corporation (including building contractors or their agents) shall be deemed a violation. The Zoning Administrator shall refer violations to the Village Attorney who shall prosecute such violations. Any person, firm, association, or corporation who violates or refuses to comply with any of the provisions of this Chapter shall be subject to a forfeiture of not less than \$525.00 nor more than \$550.00 per offense, together with the taxable costs of such action. Each day of continued violation shall constitute a separate offense. Every violation of this Chapter is a public nuisance and the creation thereof may be enjoined and the maintenance thereof may be abated by action at suit of the Village, the state, or any citizen thereof pursuant to section 87.30(2), Wis. Stats.

4.08 **Definitions.**

- (1) For the purpose of administering and enforcing this Chapter, the terms or words used herein shall be interpreted as follows: Words used in the present tense include the future; words in the singular number include the plural number; words in the plural number include the singular number. The word "shall" is mandatory, not permissive. All distances unless otherwise specified, shall be measured horizontally.
- (2) The following terms used in this Chapter mean:
  - (a) "Accessory structure or use" means a detached subordinate structure or a use which is clearly incidental to, and customarily found in connection with, the principal structure or use to which it is related and which is located on the same

lot as that of the principal structure or use.

- (b) "Boathouse" as defined in section 30.121(1), Wis. Stats., means a permanent structure used for the storage of watercraft and associated materials and includes all structures which are totally enclosed, have roofs or walls or any combination of structural parts.
- (c) "Class 2 public notice" or "Class 2 notice" means publication of a public hearing notice under chapter 985, Wis. Stats., in a newspaper of circulation in the affected area. Publication is required on two consecutive weeks, the last at least seven days prior to the hearing.
- (d) "Conditional use" means a use which is permitted by this Chapter provided that certain conditions specified in the Chapter are met and that a permit is granted by the Village Plan Commission.
- (e) "Department" means the Wisconsin Department of Natural Resources.
- (f) "Development" means any man-made change to improved or unimproved real estate, including, but not limited to, the construction of buildings, structures or accessory structures; the construction of additions or substantial alterations to buildings, structures or accessory structures; the placement of buildings or structures; ditching, lagooning, dredging, filling, grading, paving, excavation or drilling operations; and the deposition or extraction of earthen materials.
- (g) "Drainage system" means one or more artificial ditches, tile drains or similar devices which collect surface runoff or groundwater and convey it to a point of discharge.
- (h) "Environmental control facility" means any facility, temporary or permanent, which is reasonably expected to abate, reduce or aid in the prevention, measurement, control or monitoring of noise, air or water pollutants, solid waste and thermal pollution, radiation or other pollutants, including facilities installed principally to supplement or to replace existing property or equipment not meeting or allegedly not meeting acceptable pollution control standards or which are to be supplemented or replaced by other pollution control facilities.
- (i) "Fixed houseboat" as defined in section 30.121(1), Wis. Stats., means a structure not actually used for navigation which extends beyond the ordinary high-water mark of a navigable waterway and is retained in place either by cables to the shoreline or by anchors or spudpoles attached to the bed of the waterway.
- (j) "Navigable waters" means Lake Superior, Lake Michigan, all natural inland lakes within Wisconsin, and all streams, ponds, sloughs, flowages and other waters within the territorial limits of this state, including the Wisconsin portion of boundary waters, which are navigable under the laws of this state. Under section 281.31(2m), Wis. Stats., notwithstanding any other provision of law or administrative rule promulgated thereunder, shoreland ordinances required under sections 61.351 or 62.231, Wis. Stats., and chapter NR 117, Wis. Adm. Code, a wetland ordinance does not apply to lands adjacent to:
  1. Farm drainage ditches where such lands are not adjacent to a natural navigable stream or river and such lands were not navigable streams before ditching; and

2. Artificially constructed drainage ditches, ponds or stormwater retention basins that are not hydrologically connected to a natural navigable water body.

“Wisconsin’s Supreme Court has declared navigable bodies of water that have a bed differentiated from adjacent uplands and levels of flow sufficient to support navigation by a recreational craft of the shallowest draft on an annually recurring basis [Muench v. Public Service Commission, 261 Wis. 492 (1952) and DeGaynor and Co., Inc., v. Department of Natural Resources, 70 Wis. 2d 936 (1975)]. For example, a stream which is navigable by skiff or canoe during normal spring high water is navigable, in fact, under the laws of this state though it may be dry during other season.”

- (k) "Ordinary high-water mark" means the point on the bank or shore up to which the presence and action of surface water is so continuous so as to leave a distinctive mark such as by erosion, destruction or prevention of terrestrial vegetation, predominance of aquatic vegetation, or other easily recognized characteristic.
- (l) "Shorelands" are as defined in Title III – Chapter 5, Section 11.05.
- (m) "Shoreland-wetland district" means the zoning district, created in this shoreland-wetland zoning Chapter, comprised of shorelands that are designated as wetlands on the wetlands inventory maps which have been adopted and made a part of this Chapter.
- (n) "Unnecessary hardship" means that circumstances where special conditions, which were not self-created, affect a particular property and make strict conformity with the restrictions governing area, setbacks, frontage, height, or density unnecessarily burdensome or unreasonable in light of the purpose of this Chapter.
- (o) "Variance" means an authorization granted by the Board of Zoning Appeals to construct or alter a building or structure in a manner that deviates from the dimensional standards of this Chapter.
- (p) "Wetlands" means those areas where water is at, near or above the land surface long enough to support aquatic or hydrophytic vegetation and which have soils indicative of wet conditions.
- (q) "Wetland alteration" means any filling, flooding, draining, dredging, ditching, tiling, excavating, temporary water level stabilization measures or dike and dam construction in a wetland area.
